

**GOALS FOR LIFE TO HOLD
FIFTH ANNUAL
WOMEN'S CHARITY SOCCER TOURNAMENT
AT BROOKDALE PARK ON SATURDAY, JUNE 4**
Breast Cancer Fundraiser

Goals For Life will hold its Fifth Annual Women's Charity Soccer Tournament on Saturday, June 4 from dawn to dusk at Brookdale Park in Essex County. Proceeds from the event will benefit "In The Pink," the breast cancer early detection, education and treatment program at St. Michael's Medical Center in Newark.

More than 20 women's teams from the Northeast are expected to compete in the Tournament. In addition, the Goals For Life Café will be open throughout the day, and a variety of health-information and sports kiosks will be on hand.

Goals For Life President Kathleen Lee reports a greater interest from new teams in participating in this year's Tournament. "We now have a track record of producing a well-run tournament that benefits worthy causes. This year's cause, plus the fact that we are the only tournament of its kind in the area, has generated interest from several new teams, plus commitments to play from teams that have competed before. We look forward to hosting another great tournament and raising significant money for "In The Pink."

Since its inception in January 2001, Goals For Life, a Montclair-based, non-profit organization, has donated almost \$80,000 to women's health initiatives, including \$10,000 in 2004 to "In The Pink."
